

Heriot-Watt University Dubai Campus**Staff profile**

DETAILS	TO BE FILLED IN BY STAFF MEMBER
Name	Tatiana Kulagina
Designation	MSc in Petroleum Engineering Programme Coordinator and Teaching Fellow
Role (including modules taught)	MSc Petroleum Engineering Course coordinating Modules taught: Reservoir Engineering 1 Well Test Analysis
Telephone number	+971.4361.6975
Email address	T.E.Kulagina@hw.ac.uk
School Duties	
Research Interests	Transient pressure well test design, analysis and interpretation Reservoir pressure estimation from transient well testing Real time reservoir monitoring and testing Multiphase well testing
Academic Biography	2002-2004.Tomsk Polytechnic University, Tomsk, Russia. Heriot-Watt Approved Support Centre. Tutor on Well Test Analysis, Reservoir Engineering 2004-2009.Tomsk Polytechnic University, Tomsk, Russia. Heriot-Watt Approved Support Centre. Petroleum Engineering Course Coordinator, Well Test, Reservoir Engineering Lecturer. March 2009 – Present. Dubai Campus.
Key publications	Well Test Design and Data Analysis textbook (in Russian)
Other Interests
