

**Together, we shape
the future**

Why Choose Heriot-Watt University Malaysia

Start your future off right with us at Heriot-Watt University Malaysia! We're here to cultivate curiosity and inspire learning, but most importantly, we're responsible for transforming the lives of future generations.

5 Global Campuses

Gain a global perspective through our five global campuses, partners in over 154 countries and over 27,000 students worldwide.

Malaysia's 1st Green Campus

Sitting on a stunning lakeside location in Putrajaya, the Malaysia campus has been developed with the current generation of students in mind, to create a dynamic, exciting place which maximises the potential of its setting for study and student life.

2 out of 3 Hired Before Graduation

Based on the latest Graduate Employability (GE) rates gathered through the MOHE Tracer Study for the graduation batch of 2023, the results show that 2 out of 3 of our graduates are hired before their graduation.

200 Years Strong Heritage

From its beginnings as the world's 1st mechanics institute in the heart of Edinburgh, Scotland, we have been successful in educating & inspiring tomorrow's professionals for more than two centuries.

Driven by Purpose

Purpose-Driven Education develops students' emotional intelligence, teaches them coping strategies to manage their time effectively, cultivates a positive mindset, and develops self-confidence, interpersonal and communication skills.

Careers and Employability

A degree from Heriot-Watt will give you a unique, globally connected perspective and real-world experience that sets you apart. Our career-focused programmes are shaped by the needs of business and industry, making our graduates highly sought after by leading employers worldwide.

Developed and accredited in partnership with professional bodies, our programmes deliver relevant, industry-ready skills while building the confidence and capability to lead in their chosen fields.

Our Partnerships

We work closely with leading local and international organisations across sectors including business, finance, manufacturing, engineering, energy, and the built environment to guide our programmes, shape impactful research and ensure our curriculum remains aligned with evolving industry needs.

These collaborations go beyond the classroom – from sponsored scholarships and applied research to internships, industry projects, and direct engagement with professionals. By connecting students with employers and real-world insights, we create valuable networks, open doors to career opportunities and keep our community informed of the latest industry developments.

Through these partnerships, we ensure our graduates are not only future-ready, but industry-ready.

Accommodation

Off-campus student accommodation options are provided in Cyberjaya & Putrajaya, about 5-15 minutes drive from the campus. A complimentary shuttle bus operates between the student residences and the campus, and public transport is easily accessible. All residences offer modern and spacious living accommodation. Each residence has a warden who is there to help you settle in and sort out any problems along the way.
