Heriot-Watt University: Profile at a glance

Founded: 1821. Granted university status by Royal Charter in 1966.

Campus Locations: Edinburgh, Galashiels, Orkney, Dubai.

The University's main Edinburgh campus comprises 380 acres of parkland and incorporates the Edinburgh Research Park established in 1971 as the first science park of its kind in the UK. In excess of 40 companies are currently based on the Research Park. In 2009, work was completed to co-locate with Scottish Borders College at the Netherdale site.

The Heriot-Watt University Dubai Campus was established in 2005 and accepted its first cohort of students in the autumn of that year. At the start of 2009/10 the student population had reached 1,328.

The University's International Centre for Island Technology based in Stromness, Orkney Islands, is part of the University's Institute of Petroleum Engineering. The Centre concentrates on renewable energy, particularly marine energy.

Student population:

On-campus (Edinburgh, Galashiels, Dubai, Orkney - headcount):-

- 6,724 undergraduate (including exchange and visiting students)

One-third of the University's 'on campus' students studying in Scotland are from outside of the UK making Heriot-Watt one of the most internationally diversified of any UK universities.

International programmes (independent study in around 140 countries worldwide or through a network of 52 Approved Learning Partners ALPs). In HESA reporting year ending 31 July 2009 there were:

- 7,526 active ALP students
- 2,997 active independent (distance learning) students

Staff population:

Total: 1,666 (headcount) of which:-

Expenditure: £133.06 m.

Teaching Quality:

In 2006 the Quality Assurance Agency confirmed "broad confidence" in the University's current, and likely future, management of the quality of its provision and the academic standards of its awards. This is the highest outcome possible under the ELIR (Enhancement-Led Institutional Review) system. The University's next ELIR review will take place early in 2011.

Research Quality:

In the UK 2008 Research Assessment Exercise, around 90% of the University's academic staff were submitted with 50% of the research results rated as being internationally excellent.

Key to "staff submitted": A = 95-100%, B = 80 – 94.9%, C = 60 – 79.9%, D = 40 – 59.9%, E = 20 – 39.9%, F = Below 20%. There were 320 (83% of academic staff) "research active" in 2001. In the 2008 RAE there were 367 staff submitted (90% of academic staff)

4* = research quality that is *world-leading*; 3* = quality that is *internationally excellent*; 2* = quality that is *recognised internationally*; 1* = quality that is *recognised nationally*; u/c = quality *below the standard of nationally recognised work*.

Teaching Quality - Quality Assurance Agency (QAA) Reviews:

The QAA conducted an **ELIR (Enhancement Led Institutional Review)** at Heriot-Watt University in January/February 2006. On the basis of its findings the QAA confirmed that "**broad confidence** can be placed in the University's current, and likely future, management of the quality of its provision and the academic standards of its awards". This is the highest outcome possible under the ELIR review system. Fuller details are available on the QAA website at: www.qaa.ac.uk

The next ELIR will take place in January/February 2011.
