

### **Copyright Clause with regards to JISC software**

We may make and may authorise third parties to make copies of any work submitted by you for assessment but only for the following purposes:

1. Assessment of your work;
2. comparison with databases of earlier answers or works or other previously available works to confirm there is no plagiarism; and
3. addition to databases of works used to ensure that future works submitted at this institution and others are not plagiarised from your work.

We will not make any more copies than are necessary for these purposes, will only use copies made for these purposes and will only retain such copies as remain necessary for those purposes. Where copies are made and retained for the purposes identified in clauses 2 and 3 above, we shall ensure that no personal data is made available to any third party.
