

Want to take your Research to the next level?

How HWU's Technology Transfer Office can help you!

WHAT WE DO – It's our job to help you make the most of your research activity in HWU. Bring us your idea and we will guide you through the paperwork & processes to assess, protect and commercialise your idea.

WHO WE ARE – as part of Research & Enterprise Services (RES) we offer professional level support to staff through our expertise in research proposal development, business development, intellectual property and legal advice, research training and research commercialisation through licensing/ spinout activity – www.hw.ac.uk/res

We look forward to working with you, answering any questions or hearing your good ideas for a new product, process or piece of software code so please don't hesitate to contact us!

Robert Goodfellow
Head of Technology Transfer
