MSc Commercial Management and Quantity Surveying 2020/21
The programme is designed to meet the needs of the financial management and quantity surveying sectors and offers a solid theoretical base, combined with a strong focus on industrial relevance. This means that you will quickly be able to make a positive contribution to the success of your working environment and the development of your own professional career. Our students are often recruited by international construction and quantity surveying practices. Our graduates also develop careers across different sectors of industry and commerce.

You may also be interested in MSc Commercial Management and Quantity Surveying with Industry Placement (2 years) offered in Edinburgh.

PROGRAMME STRENGTHS

• Delivered by the Royal Academy of Engineering Centre of Excellence in Sustainable Building Design. One of only four Centres established at UK universities and the only one in Scotland, forming a national network to demonstrate and exchange best practice in the sustainable built environment.

• One year and two year programmes accredited by the Royal Institution of Chartered Surveyors (RICS) for the purpose of graduate membership.
