If in the unlikely case that you are medically unfit, the University will be informed and arrangements will be put in place to immediately repatriate you back to your original country.

Approximately 15 working days following the medical and biometric testing, your passport will be returned from Immigration with your Student Residences Visa. Following this, you will receive your Emirates ID card – this is a mandatory identity card for all residences living in the UAE.

CANCELLATION OF A STUDENT VISA

Please be informed that your Student Residence Visa must be cancelled immediately upon completing/leaving your programme of study and before leaving the UAE. This process takes approximately 20 working days.

Failure to do this may result in the University contacting the UAE Government Service Office (GSO) and informing them that you have absconded. Please note that penalties will be applied (see below) in addition, GSO may also apply an ‘Immigration Fine’. If ‘Absconder’ notice is not removed from your record, you will be unable to enter the UAE and other GCC countries in the future.
