<tbody>
<tr>
<td>This course builds on its synoptic pair, C47LE, and consists of 4 different activities, each of which is pursuing different objectives. By the end of Year 1, and as a result of the four activities studied, students will have greatly improved their listening, speaking, reading and writing skills in Spanish.</td>

- Develop the ability to work in an efficient manner both individually and as part of a team

- Communicate orally on specified topics in both English and the FL
- Use the internet in order to read up on a wide variety of topics relating to Spain

SYLLABUS

Text
Study of appropriate FL texts drawn from a range of sources and relating to the fields set out in the Year 1 topic syllabus. Exercises involve establishment of lexical meaning; investigation of typical sentence structures; intensive and extensive reading; culture-bound references.

**Written Composition**

Intensive study of the grammar of the foreign language. Exercises involve practice and production of various types of text in the FL.

**Aural Comprehension**

Language laboratory exercises, including pair work, listening grids, summarising and translating (in FL and into English) from a series of short audio or video recordings relating to first year topics.

**Spoken**

Classes are task-based, and generally take the form of pair and small-group work designed to foster confidence in oral production.

**Topics for all of the above activities:** Land and People: including Society, Geography, Population; Immigration
