- Present information, complex ideas and arguments in a well-structured and coherent form (written/oral) working with and between languages and in a variety of registers.
- Handle understanding and expressions of numbers and measurements in various forms and formats in several.
- Use IT to access & present written information.
- Use presentation software to makesimple presentations.

SYLLABUS

Text
• Study of appropriate FL texts drawn from a range of sources and relating to the fields set out in the Year 1 topic syllabus. Exercises involve establishment of lexical meaning; investigation of typical sentence structures; intensive and extensive reading; culture-bound references.

Written Composition

• Intensive study of the grammar of the foreign language. Exercises involve practice and production of various types of text in the FL.

Aural Comprehension

• Language laboratory exercises, including pair work, listening grids, summarising and translating (in FL and into English) from a series of short audio or video recordings relating to first year topics.

Spoken

• Classes are task-based, and generally take the form of pair and small-group work designed to foster confidence in oral production.

Topics for all of the above activities: Environment; Economy; Transport; Media
