F10PC Pure Mathematics C

**Course Details**

- **Course Code:** F10PC
- **Full Course Title:** Pure Mathematics C
- **SCQF Level:** 10
- **SCAF Credits:** 15
- **Available as Elective:** No

**Delivery Level**

- **Undergraduate:** Yes
- **Postgraduate Taught:** No
- **Postgraduate Research:** No

**Additional Information:**

**Course Aims**

The aims of this course are:

- Develop an understanding of an area of advanced pure mathematics.

**Learning Outcomes – Subject Mastery**

- Students will show mastery of advanced pure mathematical topic
- Ability to understand, state, apply and prove core theorems/techniques in the area
- Ability to explain and interpret mathematical results.

**Learning Outcomes – Personal Abilities**

- Demonstrate the ability to learn independently
- Demonstrate knowledge of an area in advanced pure mathematics.
- Manage time, work to deadlines and prioritise workloads

**Syllabus**

The syllabus is based on a pure mathematical topic at an advanced level.
