Finance Information
The following section of this guide will explain, in detail, your financial responsibilities while you are studying at Heriot-Watt University. The main thing to remember is that you are responsible for ensuring that tuition fees are paid in full within Heriot-Watt University’s terms and conditions. This applies equally if your fees are being paid by a sponsor or if you are self-financing.

Further information of Tuition Fees for 2020/21 can be found here.

Further information of Scholarships for 2020/21 can be found here.

Please note that all fees are subject to revision. We must emphasize that there are serious consequences for non-payment of fees, including penalty charges, the withdrawal of facilities and withdrawal as a Heriot-Watt University student.

Student Fees and Charges
Tuition Fees
Tuition fees cover the provision of tuition which students receive and the cost of University facilities, including the libraries and computing facilities, which are available for use when studying. Fees will not cover, for example, the cost of reference books, notebooks and other stationery needed for study or any University goods or services used which is not a necessary part of the programme. Such additional costs will vary across programmes.

In accordance with the University’s Ordinances and Regulations, all fees and charges due, unless otherwise stated, are payable by students to the University in advance of enrolment as a student of the University. Details of tuition fees and other charges are issued to students either at the start of the Academic Year, or as appropriate during the year, and are due for payment as follows:

Tuition fees (New Students) – a non-refundable advance payment, equivalent to 10% of the tuition fee is due when a student accepts the offer of a place on the program. The balance will be due according to the student’s payment plan or can be paid in full (see payment options below).

Tuition fees (Continuing Students) – students will receive their payment plan at the start of the academic year and can either pay in full or as per the dates in their payment plan (see payment options below).

Security Deposit
There is a refundable security deposit (AED 1,000) charged to cover damage/breakage/loss in connection with academic or non-academic materials/consumables or any other charges. The University in its discretion will apply the deposit against any outstanding debt or any fine that the University has imposed, which are unpaid.

Refund of Security Deposit: All security refund requests shall be processed only after completion of the program of study, subject to clearance from all departments. All deposit refunds shall be processed through account payee cheque or through bank transfer only. Please note that for bank transfer requests, bank charges will apply and which will be borne by the applicant/student.

Other Fees and Charges
Other fees and charges include all other charges applied by the University, such as disciplinary fines, payment for late payment and replacement documentation (e.g. Student Identity Cards). There may also be Academic School charges, such as bench fees, field trips, breakages or deposits. Please note that this list is not exhaustive.
For student visa fees (if required), these must be paid at least 30 days prior to the commencement of the programme (or ASAP). Regrettably, these charges are non-refundable.

Help and Support
If you are experiencing financial difficulties in paying fees, you must seek help at the earliest opportunity. It is important to keep the University informed of developments and in the first instance the University recommends that any student facing financial difficulty contacts the Dubai Student Service Centre to start discussing options.

Debt Management Procedure
The following procedures apply to outstanding fees and charges due to the University:

Tuition Fees: the failure to pay tuition fees in accordance with your chosen payment option will result in the full amount of annual fee becoming due immediately. In all instances of non-payment, early communication with the Dubai Student Service Centre (DSSC) is strongly encouraged.

If you are identified as being overdue for payment of tuition fees and you have not contacted the University (DSSC) by the due date, the following steps will be taken:

- **Day 7** - the Finance Office will send a reminder letter to your HWU and personal (if available) email account drawing attention to the outstanding payment. A 4% per annum penalty charge may be levied on the outstanding unpaid balance on your account now or at any point during the debt management process.

- **Day 14** - If the fees remain unpaid, a second letter will be sent to your HWU and personal (if available) email account, setting out the implications of non-payment and stressing the importance of informing the University, as a matter of urgency, of the reason(s) as to why payment has not been forthcoming.

- **Day 21** - If the fees remain unpaid, a third letter will be sent to your HWU and personal (if available) email account, setting out the implications of non-payment, such as possible removal of IT and Library access and also the potential denial of entry into exams at the end of the semester / year. The letter will also stress the importance of informing the University, as a matter of urgency, of the reason(s) as to why payment has not been forthcoming. Your Head of School/Institute will also be notified of the situation.

- **Day 28** - If the fees remain unpaid, the University will withdraw any award of scholarship or other financial assistance offered to you. You will be informed via a fourth letter which will be sent to your HWU and personal (if available) email account.
Day 35 - If the fees remain unpaid, Finance will write to you to inform that holds have been placed on your student record. You will not be able to view your results, graduate (if applicable), order transcripts nor enroll into the next academic year until the debt is paid.

April – If any fees remain unpaid, you will be withdrawn from the University. The Provost and Vice-Principal (Dubai) will write to you notifying you of the University’s decision regarding your withdrawal from your programme of study at the immediate conclusion of the Semester Two final exam diet. You will not be able to view your results, graduate (if applicable), order transcripts nor enroll* in the next academic year until the debt is paid. Your Head of School/Institute will also be notified of the situation. Your University sponsored visa (if applicable) will be cancelled. Legal action will be taken at this stage to recover the outstanding debt.

The University reserves it’s right to compulsory withdraw any student who has failed to pay their fees from Day 35 and who has made no attempt to contact the University to discuss the issues and agree a revised payment plan.

*Students with resit examinations in the August exam diet can exceptionally request reinstatement for their resit exam(s) by contacting dubaistudentservices@hw.ac.uk. The student will be compulsory withdrawn immediately after their resit exam(s).

The University reserves the right to amend this policy from time to time in light of prevailing circumstances

Other Penalties
You will not be permitted to enrol for the next year of your programme of study whilst owing money to the University for tuition fees. You may be withdrawn from the University for non-payment of tuition fees and this will therefore prohibit you from taking examinations or assessments at any diet of examinations or from proceeding to your project/dissertation

Cheque Return
The following procedure details the process undertaken if, for any reason, a cheque is returned from the Bank unpaid:

Day 7 – If the fees remain unpaid, a letter will be sent to the student’s HWU and personal (if available) email, setting out the implications of non-payment and stressing the importance of informing the University, at the earliest opportunity, of the reason(s) as to why payment has not been forthcoming.
