Processing of a Student Visa (Renewal)

UK | DUBAI | MALAYSIA

United Arab Emirates (UAE) law requires all non-national (except GCC nationals) students to obtain a 'Student Entry Permit', followed by a 'Student Residence Visa' for the duration of their studies. We provide visas for applicants studying on any of our academic programmes and is valid for 12 months and renewable each year for students studying on a structured programme at the University.

The University requires all students on our University Student Residence Visa to have medical insurance for the duration of their study. A copy of the insurance documents must be submitted with the application. Alternatively, students may purchase the University's medical insurance at an additional cost (see below).

To apply for the renewal of a 'Student Residence Visa, the following information must be submitted 1 month before expiry of the current visa, by email to the University Visa Office (email contained later in this document).

The process normally takes between 15 - 20 working days. Failure to do so may result in a fine being imposed by the Government Services Office (GSO).

Procedure

Prior to the approval of a 'Student Visa renewal', the UAE Government requires students to take medical and biometric testing. This will be arranged shortly upon your visa renewal documents are submitted to the Heriot-Watt visa office. If in the unlikely case that you are medically unfit, the University will be informed and arrangements will be put in place to immediately repatriate you back to your original country.

Approximately 15 working days following the medical and biometric testing, your passport will be returned from Immigration with your Student Residences Visa. Following this, you will receive your Emirates ID card – *this is a mandatory identity card for all residences living in the UAE.*
