FutureMade is to look to the future, strive for better, aim for higher, make history. A future that mirrors our pioneering roots in 1821, the year we founded the world’s first Mechanics Institute. By choosing to study at Heriot-Watt today you will become part of a community working across boundaries and cultures. Collaborating with international business and industry to tackle the global challenges faced by the world we live in. Heriot-Watt undergraduates are highly employable and sought after by the best organisations worldwide.

Be FutureMade
hw.ac.uk/Malaysia
LOOK TO THE FUTURE. STRIVE FOR BETTER. AIM FOR HIGHER. MAKE HISTORY. BE AMBITIOUS. BE BOLD.
Heriot-Watt University is aware of the challenges the youth of today face in terms of maintaining a healthy mindset, managing stress as well as developing meaningful social relationships in a landscape that has also become increasingly digitised. The university is no stranger to pioneering the global educational landscape with world-class programmes enhanced with a unique Positive Education approach.

Transforming our Youth

Realising the important role our youths play today, Heriot-Watt has developed specific programmes both in online and offline modes that are designed to support every student to realise their full potential.

Fit-For-Future

Adapting to the current environment which prohibits large gatherings, our Fit-For-Future programme applies the same techniques and content from our Youth Transformation Programme. Utilising our digital foundation platform, students are encouraged to engage in a positive transformation by focusing on developing their emotional intelligence, creativity, understanding their own personalities, their strengths and weaknesses, and developing a long-term vision and mission. This is done by setting realistic SMART goals through engaging and interesting activities. Using a proven emotional intelligence framework, and engaging activities focusing on expressing positive emotions such as empathy and gratitude, students are taught self-awareness, self-management, social awareness and relationship management.

On completion of the programme, students will develop a strong sense of self-confidence, ability to express their emotions in a positive way, and be able to relate comfortably to their peers and better manage their relationship with friends and family, providing a smooth transition and preparing them for the challenges of University studies.

The programme is open to students who have achieved a minimum of 5C's in relevant subjects in SPM, IGCSE or equivalent. The programme objectives are:

- Apply the techniques for a successful mindset
- Identify your strengths, passion and potential
- Describe the four domains of emotional intelligence
- Develop and set realistic SMART Goals
- Understand team dynamics and what makes a successful team

The following are some of the sessions under the programme:

- The Successful Mindset
- Rewiring Your Brain
- Emotional Intelligence
- Knowing Yourself
- Setting SMART Goals
- Building Social Capital
- Team Dynamics
- Career Planning
- Project Showcase

Note: Our Youth Transformation Programme (YTP) will be suspended for the time being.
EmPOWER Programme

4-level Structured Programme Anchored by 6 Developmental Domains

**LEVELS**

- **Watt** (Knowing and Leading Self)
  - Compulsory for Year 1 students
  - Focus on developing self-awareness, mental resilience, positive mindset and communication skills
  - Discover purpose through Impact Statement

- **Kilowatt** (Leading Teams)
  - Develop leadership and people skills
  - Lead projects, events and extra-curricular activities on campus

- **Megawatt** (Leading Communities)
  - Aim to make a positive impact on communities
  - Create awareness towards global challenges and volunteer for a cause
  - Enhance social and economic capital

- **Gigawatt** (Leading Enterprise)
  - Aim to create jobs and raise funds through social entrepreneurial ventures
  - Create global impact

**FEATURES**

- **Global Citizenship, Leadership & Impact**
  - Global impact
  - System thinking

- **Emotional Intelligence, Resilience & Happiness**
  - Defining impact (Impact Statement)
  - Leadership style awareness

- **People Skills**
  - Self-awareness
  - Self-management
  - Active & healthy lifestyle

- **Critical Thinking and Decision Making**
  - Effective communication
  - Time management
  - Gratitude

- **Creativity, Innovation & Entrepreneurship**
  - Divergent thinking
  - Facilitating discovery
  - Opportunity finding

- **Employability & Industrial Relevance**
  - Brainology
  - Thinking biases
  - Brain neurology
  - Reframing & positive framing

- **Preparing CV**
  - LinkedIn profile
  - Career planning
  - Prof. dev. plan

- **Business etiquette**
  - Applying knowledge in industrial contexts

- **Global industrial placement (work global)**
  - Creating opportunities for industrial networking
  - Integrating commercial and industrial context to address community needs

- **Critical Thinking & Decision Making**
  - Assessing risk
  - Impacting industrial practice
  - Creating jobs

**EmPOWER Programme**
The EmPOWER Programme enables students to be in charge of charting their developmental needs and becoming intentional lifelong learners and will definitely make Heriot-Watt University graduates both highly employable and future-ready.

AINOL YAACOB
HEAD OF COUNTRY,
BP MALAYSIA

I am delighted to see the EmPOWER Programme promoting global citizenship and a comprehensive set of 21st Century skills amongst the students of Heriot-Watt University Malaysia. The Programme will go a long way towards making them not only highly employable but also highly impactful citizens of the world.

SARAH DEVERALL
DIRECTOR MALAYSIA,
BRITISH COUNCIL

The EmPOWER Programme is certainly a great initiative by Heriot-Watt University Malaysia to prepare graduates to be industry-ready. Students will be shaped to think about the greater purpose with focus on soft skills that are fundamental when joining the workforce. Employers are looking for that differentiating factor in today’s disruptive business environment. A structured programme such as this will be beneficial to increase students’ employability.

MUHAMMAD AZMI
BIN ZULKIFLI
CEO, INVEST KL

The EmPOWER Programme enables students to be in charge of charting their developmental needs and becoming intentional lifelong learners and will definitely make Heriot-Watt University graduates both highly employable and future-ready.

Guided to find life purpose and craft an Impact Statement

Accumulate 1000 EmPOWER points to complete each level and receive a Certificate of Completion

EmPOWER Record of Achievement is awarded after completion of programme

Watt Level is offered through a General Compulsory Course offered to Year 1 undergraduate students

Focus on how the brain works, growth mindset, emotional intelligence and character strengths self-assessment test

Personalised progression through the Kilowatt, Megawatt and Gigawatt levels

Power talk sessions are conducted by internal or external speakers

Guided to find life purpose and craft an Impact Statement

Programme Structure

EMPLOYER TESTIMONIALS

STUDENT TESTIMONIALS

BEng (HONS) MECHANICAL ENGINEERING
MOHAMED SYAFIQ BIN SALLEH

“The EmPOWER Programme made me realise that NO GOAL is worth missing out on! The programme has encouraged me to look inward, understand myself and analyse what is important to me. It has enabled me to understand new perspectives of my surroundings and the world.”

BEng (HONS) CIVIL ENGINEERING
VALENTINA NICSON

“The community service component of this course helped bring our Impact Statement to life. It helped to boost life skills such as leadership, teamwork and communication through how we form our group, propose an event and negotiate and manage conflict among the group members. I personally vouch for the EmPOWER Programme and would highly recommend this course to continuously EmPOWER our Heriot-Watt community.”

BSc (HONS) ACTUARIAL SCIENCE
ARISSA NOORDINA BAHRISI

“The EmPOWER Programme, specifically the module on Impact Statement, had the students reflect on the past, the present and the future. In the present module, students had to come up with our ikigai, a Japanese concept for our reason for being. Ikigai is the intersection between what you love, what you are good at, what you get paid for and what the world needs. Leave one out and life becomes unfulfilled.”
At Heriot-Watt, you have the opportunity to enjoy a truly international experience. We are one of the world’s top universities for international student mix and you have the chance to become a global student by taking part in an Inter-Campus Transfer to our Scottish or Dubai campuses.

Campus transfers are guaranteed as long as your programme is available at the campus you are transferring to and you meet progression requirements.

Tuition fee waiver of Dubai or UK tuition fees when you transfer.

Study for as little as one semester at one of our global campuses.

Study at our global campuses until completion.

Heriot-Watt reserves the right to withdraw opportunities to participate in the Go Global programme, including Inter-Campus Transfers, at any time.
About Our Programmes

BSc (HONS) PSYCHOLOGY
KPT/JPS (N/31/6/0081)(FA8056) 04/21

Intake: September

Our Psychology graduates have a strong record of employment, building careers in business, teaching, counselling, nursing, probation work and market research.

Psychology is the science of behaviour and the mind. It uses a variety of scientific methods to explore key areas, including the influence that our biology has on behaviour; the ways in which we develop from early infancy to adulthood; the ways in which we perceive, think, solve problems and make decisions; and the ways we interact with each other. All of these approaches enable theories to be developed and tested within psychology. Our programmes focus on problems in the real world and consider how psychology can help us to address it.

Psychologists work in settings such as education, health and mental ill-health, sport and exercise, systems design, the environment, and forensic and criminological analysis, where theory and practice come together.

This programme is accredited by the Malaysian Qualifications Agency (MQA).

BSc Psychology is taught across Heriot-Watt University’s three main global campuses in Edinburgh, Dubai, and Malaysia. This means our students can easily transfer for one semester or more across our campuses and continue to study the same content whilst enjoying extremely beneficial life experiences. At least two years must be studied at the Edinburgh campus in order to gain BPS Accreditation.

CORE COURSES

YEAR 1
- Cognitive Psychology 1
- Human Development and Intelligence
- Research Methods and Analysis 3 and 4
- Cognitive Psychology 2
- Social Psychology
- Philosophy and History of Psychology
- Optional Courses:
  - Human Resource Management

- Applied Psychology: Health Psychology and Professional Practice

YEAR 3
- Research Project
- Psychology of Education
- Advanced Social Psychology

Optional Subjects:
- Cognition and Emotion
- Industrial and Organisational Psychology
- Consciousness
- Psychology and Mental Health

BSc (HONS) PSYCHOLOGY WITH MANAGEMENT
KPT/JPS (R/31/6/0075)(FA5343) 08/25

Intake: September

Psychology is the scientific study of the relationship between mind and behaviour. It asks why people, in general, behave as they do and why some people behave in unexpected or atypical ways. Findings from psychological studies help us to enhance people’s everyday experiences and improve lives.

Psychologists employ a wide range of research skills such as observation, surveys and experiments. This Bachelor’s degree aims to introduce you to these scientific methods and the critical evaluations that go into answering important questions from a psychological perspective.

The psychology component of the programme (70%) covers the discipline’s main areas, namely social psychology, developmental psychology, cognitive psychology, biological psychology, individual differences and research methods, and emphasises their application to various employment-related contexts. The management component of the programme approximately 30% introduces a range of topics that are relevant to psychology such as consumer behaviour, marketing, human resource management and project management.

This programme is accredited by the Malaysian Qualifications Agency (MQA).

BSc Psychology is taught across Heriot-Watt University’s three main global campuses in Edinburgh, Dubai, and Malaysia. This means our students can easily transfer for one semester or more across our campuses and continue to study the same content whilst enjoying extremely beneficial life experiences. At least two years must be studied at the Edinburgh campus in order to gain BPS Accreditation.

Heriot-Watt appealed to me because compared to other universities, it distinguishes itself by focusing on courses that are industry-relevant. My lecturers are very qualified and passionate, and they are always available whenever you require help. My experience has opened my perspective to other careers in business, which I had not considered before.”

Zulaikha Binti Zainul Rizam

In order to study effectively at Heriot-Watt, you need excellent English language skills. For those who need assistance and do not meet the English entry requirements above, Heriot-Watt University Malaysia provides a Pre-Sessional English Programme (PSEP).

If your country’s qualification is not listed, or you have any questions, contact our Recruitment and Administrations Office: MYadmissions@hw.ac.uk

Disclaimer of Liability

Heriot-Watt University will make all reasonable efforts to deliver the programmes described in this prospectus/brochure/leaflet. Prospective students should be aware that it is occasionally necessary to modify, discontinue or combine programmes and/or make changes to entry requirements. This may be necessary for a number of reasons such as low enrolments, illness or departure of staff, industrial action or reduction of funding. Changes will only be made if the University reasonably considers it to be necessary.

If a programme is discontinued, the University will use reasonable endeavours to provide a suitable alternative and will take all reasonable steps to minimise disruption; allow a student to withdraw without penalty if a programme is cancelled or significantly varied, with an appropriate refund of tuition fees and deposits.
