Internal Audit

Internal Audit is one of HWU's periodic review processes for assuring and enhancing the quality and standards of programmes. Internal Audit:

- Operates on a 3-yearly cycle
- Focuses explicitly on assurance
- Adopts a audit/scrutiny-based approach
- Reviews all high risk activity (academic + industrial partnerships and independent distance learning programmes) at the School level
- Is based on a Narrative Summary document, plus learning materials, exit plans, risk register and a range of paperwork for each type of partnership
- Considers the School's management of, and supporting infrastructure for, high risk activity
- Re-approves the academic relationship between HWU and the partner, subject to contractual obligations
- Is undertaken by a panel of internal senior academic peers
- Reports to UCQS, Senate, University Executive, Scottish Funding Council & Quality Assurance Agency Scotland
