POLICY ON STUDENT PLACEMENTS (ACADEMIC AND WORK)

Summary
Heriot-Watt University is keen to offer students the opportunity to broaden their learning experiences beyond their programme of study.

The Policy on Student Placements (Academic and Work) sets out the key requirements for all credit-rated placements (both mandatory and optional).

The policy is accompanied by detailed guidelines on work placements and academic placements (there are separate guidelines for exchange and individual study placements).

Policy on Student Placements
In October 2012, the Senate approved, for implementation from 2013/14, a Policy on Student Placements (Academic and Work). In May 2017, the policy was extended to include Graduate Apprenticeships (GA’s).

The policy specifies a series of key principles which the University, Schools and individual staff members must meet in relation to both academic and work placements. It is designed, however, to be sufficiently flexible to allow for local variation. The principles apply to the areas of:

• Responsibilities and Management
• Design and Approval
• Guidance and Information
• Staff Expertise
• Monitoring and Evaluation

Operational matters are covered in the guidelines:
• Guidelines on Work Placements (maintained by the Careers Service)
• Guidelines on Academic Placements (maintained by Go Global)

The Guidelines were approved by the Quality and Standards Committee in January 2013 and February 2014.
