Feedback on Coursework Policy

Policy

Purpose
This document provides the policy framework for Schools, which should be used in the delivery of formative feedback\(^1\) on assessed coursework.

Scope
The policy applies to students studying on all Heriot-Watt University programmes of study.

This policy does not cover examinations.

Policy Statement
The University is committed to providing identical academic standards for students and fostering a learning environment which delivers timely formative feedback to students. This is viewed as essential in supporting learning and improvement.

In order to realise this aim, a maximum 3 week turnaround\(^2\) for the return of formative feedback on assessed coursework will be in place by the start of the Academic Year 2015/2016.

The quality of formative feedback should not be compromised and the University should retain, and encourage, School-specific feedback approaches.

This policy will link in with any existing School policies on the turnaround of formative feedback on assessed work which presently meets the maximum 3 week turnaround.

Implementation
It is the responsibility of each School to implement the policy, putting processes in place to:
- Ensure feedback procedures are communicated to students and colleagues through appropriate channels.
- Monitor the effectiveness of the policy in terms of ensuring timely and formative feedback.
- Annual reports on the effectiveness of the policy should be undertaken and subsumed within the Annual Monitoring and Review process.

It is the responsibility of Academic Registry to:
- Review the policy after its first year of implementation, and then on a five-yearly basis thereafter as part of ongoing our commitment to enhance student learning.

---

\(^1\) Formative feedback is timely information communicated to the learner that is intended to modify the learner’s thinking or behaviour for the purpose of improving learning.

\(^2\) For some pieces of assessment, such as large-scale projects and dissertations, this policy may not apply. This is to ensure that the quality of feedback is not compromised.

Approved by Senate, June 2014
