

# Researching a topic in Discovery

- 1 Go to Discovery at <https://discovery.hw.ac.uk>
- 2 Sign in via the “Guest” link in the top right corner. You will get more search results if you sign in. Signing in also lets you save useful results for later.

- 3 Select your campus from the drop down. This will show you the print and electronic resources available to you.

If you are a distance learner or are away from university and only want online resources, use “Heriot-Watt Resources”, and on the results screen use the “Full Text Online” limiter.

- 4 Type some keywords to describe your topic, and then click on the magnifying glass to search.

- 5 Review your results.

- 6 Consider using the “Advanced Search” to include some more keywords, making your results more relevant.

On the advanced search page click on the magnifying glass to search, and then scroll down the screen to see your search results: search results are displayed below the advanced search boxes.

- 7 Use the limiters at the left of the screen to narrow down your results.

8 Click on the links to explore the items you're are interested in.

3

BOOK

**Arctic Climate Change**

Peter Lemke ; Hans-werner Jacobi; SpringerLink (Online service)  
Dordrecht : Springer Netherlands. 2012
