YOUR PERSONAL DATA:
INFORMATION FOR STUDENTS

INTRODUCTION

We could not exercise our responsibilities and fulfil our education, training and support obligations to you without collecting, holding and using your personal data. This guide explains what we do with your personal information and why. When you use specific University services, like our careers service, we will give you further information at that time.

WHO IS THE DATA CONTROLLER?

Heriot-Watt University is the Data Controller for personal data we hold about you. If you study with the Edinburgh Business School (EBS) for a Heriot-Watt University (HWU) award, the University and EBS are joint data controllers. If you study with EBS without matriculating on a HWU programme, EBS is the data controller. Where we use the term ‘our University’, this includes all members of the Heriot-Watt University Group. We hold your personal data securely and restrict access to personal information to people who need to use it in the course of their duties. When collecting and processing information about you, we must comply with the UK Data Protection Act, 1998, the European Union General Data Protection Regulation and other privacy laws, such as the Malaysia Personal Data Protection Act, 2010, that apply in the countries in which the University operates. Heriot-Watt University Student Union is a data controller in its own right. You can read their privacy policy here.

INTERNATIONAL DATA TRANSFERS

As a global organisation we need to process your personal information in a country other than the one you are studying in, when this is necessary to provide you with academic and support services, meet a legal obligation, fulfil a contract with you, or we have your consent. For example if you apply to Go Global or another exchange programme, staff at the campus or institution you are applying to will need to process your data. If you are studying on our Dubai or Malaysia campus, with one of our international partners or by Independent Distance Learning, staff at our UK campuses will need to process your data to administer your studies.

When doing so we:

- Make sure that appropriate safeguards are in place to protect your information and your rights under privacy law;
- Apply the same high standards of privacy and security wherever we process your data.

HOW LONG WE KEEP YOUR PERSONAL DATA

We keep information about you only for as long as needed to provide you with academic and support services and meet our legal obligations and rights. Almost all your personal data is destroyed securely 6 years after you leave the University. We keep a limited permanent record of your attendance, what you studied and your award so that we can verify this as needed and for archival purposes. If you stay in touch with us as a member of the Watt Club, our alumni association, we will keep your contact details and other information that you share
with us up to date. More information about how long we keep your personal data and why is here.
