Heriot-Watt University Student Partnership Agreement 2023

Heriot-Watt University has a long and proud tradition of student engagement in institutional governance and decision-making and the Student Partnership Agreement sets out our ambition to continue to work together across all our campus locations, with the aim of increasing engagement, enhancing the student experience and building a strong and supportive University community.

The SPA is our commitment to global partnership that identifies the main, agreed priorities to truly enhance the Heriot-Watt student experience.

Throughout 2023, we are committed to working in partnership on the following objectives:

- 1) Academic. We will work together in the following areas:
- >> Improving assessment and feedback on assessment
- >> Ensuring the best learning experience for all
- 2) *Community*. We will work together in the following areas:
- >> Enhancing the extra-curricular experience
- >> Shaping a sustainable future together
- 3) Wellbeing. We will work together in the following areas:
- >> Enhancing our support services
- Encouraging holistic student and staff wellness
- 4) Sports. We will work together in the following areas:
- Making sport accessible to all
- >> Celebrating student sport at Heriot-Watt University
