<tbody>
<tr>
<td>2.1</td>
<td>The University Executive is responsible for oversight of the operational management of the University’s land and infrastructure. Its primary aim is to provide an environment that facilitates high-quality research, learning and teaching, and enterprise. After employee costs, the cost of managing infrastructure services represents the largest item of University expenditure, requiring long-term planning for capital development projects. It also provides significant opportunity for revenue generation, for example, from the provision of hospitality/conference facilities such as those arising from the development of the Research Park.</td>
</tr>
<tr>
<td>2.2</td>
<td>The University Executive delegates authority to the Infrastructure Services Management Board to:</td>
</tr>
<tr>
<td>Infrastructure and facilities</td>
<td></td>
</tr>
<tr>
<td>a)</td>
<td>develop an Infrastructure Services strategy for Estates, Oriam, Infrastructure Services and the Research Park. The strategies will underpin and facilitate the University’s Strategic Plan and academic objectives in research, learning and teaching, and enterprise: proposals will be developed for presentation and approval to the University Executive and the Infrastructure Committee of Court.</td>
</tr>
<tr>
<td>b)</td>
<td>review and make recommendations with regard to the Estate Master Plan for the University and the University-wide grounds and landscape, including design, conservation and environmental factors and the promotion of the heritage features, campus art and sculpture of the University Campuses.</td>
</tr>
<tr>
<td>c)</td>
<td>work jointly with the University's Schools and Professional Services Directorates to model and devise University-wide proposals and strategies for the efficient use of space.</td>
</tr>
<tr>
<td>d)</td>
<td>review University-wide workspace utilisation and make recommendations to the UE in relation to workspace strategy, to Schools and Professional Services according to their needs while maximising the efficient and effective use of all University space.</td>
</tr>
</tbody>
</table>
e) maintain the University’s buildings, services and campus landscape, including planting, wildlife, biodiversity, and stewardship of heritage features such as trees, listed buildings and structures and works of art through an established policy and programmes of planned and reactive maintenance, complying with current legislation, health and safety, good practice and the principles of good estate management. The Board shall receive and review the landscape management plan and timely reports on the current status of landscape management and conservation from Estates Services. The Board shall ensure full compliance with all service level agreements.

f) design and control the implementation of major capital and minor works programmes.

g) make recommendations to the UE on the University’s property portfolio to maximise opportunities for generation of revenue surplus where this is consistent with the University’s Strategic Plan, Capital Plan and revenue generation objectives, including the disposal and acquisition of properties and the associated management of legal and commercial documentation.

h) embrace the principles of environmental sustainability and ensure these are factored into the planning, design, operation and maintenance of the infrastructure and buildings.

i) monitor and report on performance against the University agreed Environmental Sustainability Key Performance Indicators (KPIs).

j) have oversight of protocols for naming buildings, roads, paths and other features.

k) communicate widely and effectively with users at all stages of building or development works and with stakeholders and the wider community, particularly local and planning authorities.

l) ensure that the estates are adequately insured and that reinstatement values are regularly reviewed.

m) ensure that a business continuity and disaster recovery plan is operational.

n) undertake benchmarking review of estates performance, including but not limited to Environmental Sustainability, for presentation to the University Executive and the Infrastructure Committee of Court.

Information Systems

p) have oversight of and design and control a global IT infrastructure strategy and a major programme of IT investments.

q) ensure that an appropriate business systems development strategy and support strategy are in place to support the University’s information services.

r) have oversight of and design and control maintenance and upgrades;

s) have oversight of and design and control an IT infrastructure services business continuity plan and to receive regular reports regarding the performance of the infrastructure services.
Major capital expenditure

t) have oversight of and design and control the development of the commercial management of the physical estates.

u) have oversight of and design and control the delivery against the business plan for such major infrastructure projects as the University Executive might determine from time to time.

3 Composition and Membership

3.1 The Board shall comprise:

- The Principal
- The Vice-Principal
- The Secretary of the University (Chair)
- The Global Director of Estates and Facilities
- The Head of Oriam and Sports
- The Director of Safeguarding and Logistics
- The Director of Finance
- Two Heads of School
- The Student Union President (or alternate at point of reappointment)
- The Global Director of Information Services
- Representative of the Dubai Campus VACANCY
- Representative of the Malaysia Campus VACANCY
- Representative of the Scottish Borders Campus VACANCY
- Representative of the Orkney Campus VACANCY

3.2 Current Members:

- Professor Richard A Williams, Principal and Vice-Chancellor
- Professor Julian Jones, Vice-Principal
- Ms Ann Marie Dalton-Pillay, Secretary of the University (Chair)
- Ms Lynda Johnstone, Global Director of Estates and Facilities
- Mr Ross Campbell, Head of Oriam and Sports
- Mr Les Allan, Director of Safeguarding and Logistics
- Mr Andrew Menzies, Director of Finance
- Ms Kathy McCabe, Global Director of Information Services
- Professor Steve McLaughlin, Head of School of Engineering and Physical Sciences
- Professor Robert MacIntosh, Head of School of Social Sciences
- Mr Kieran Robson Renner, Acting Student Union President

3.3 All members are appointed to the Board by the University Executive.

3.4 The Board will regularly monitor its own effectiveness and performance against its planned strategies and operational targets.

4 Equality and Diversity Statement

4.1 The Board exercises its responsibility, as far as possible, to promote diversity of representation within its membership and the membership of any working group or Committee established by the Board. The Board, in carrying out its business, will also act to promote equality of opportunity for all.
5 **Quorum and Voting**

5.1 The quorum is half of the membership of the Infrastructure Services Management Board where the current membership number is an even number, or a simple majority where the membership number is an odd number.

5.2 Only Members of the Board shall be entitled to vote on any matter which involves powers and functions delegated to the Board by the University Executive.

5.3 Members who are participating in a meeting by means of audio-visual conferencing or other means, which enables that member to communicate with each of the other members simultaneously, shall be deemed to be present at the meeting and count towards the quorum.

5.4 It is intended that decisions of the University Executive will normally be reached by consensus following a full debate. Therefore, the Chair will normally seek agreement to the proposal in question and, in exceptional circumstances only, will call for a vote where there is a clear expression of dissent or if the matter is of particular significance.

5.5 The Chair of the Board shall have a deliberate vote and a casting vote.

6 **Frequency of Meetings**

6.1 The Board will meet four times per academic year (frequency to be kept under review).

6.2 Additional meetings may be held in order to meet business requirements at the request of the Chair of the Board.

7 **Attendance and Decision Making**

7.1 The following officers are usually expected to be in attendance at meetings:

a) the Board Clerk  
b) other officers may be asked to attend when appropriate

7.2 It is intended that decisions are normally reached by consensus following a full debate.

7.3 Members are expected to maintain a pattern of regular attendance at meetings in person. When not feasible to attend in person, and with the consent of the Chair, attendance may be provided by audio-visual conferencing or other means which enables that member to communicate with each of the other members simultaneously. Members are required to submit their apologies to the Clerk of the Committee at the earliest opportunity.

7.4 The Board will maintain a formal set of minutes of each of its meetings.

8 **Reporting Procedures**

8.1 The Board will submit regular reports to the University Executive and the Infrastructure Committee of Court. The Chair will approve the content of the reports before release including the redaction of any information deemed necessary for reasons of commercial confidentiality.
8.2 Matters requiring the approval of the Finance Committee and/or the Court will be highlighted in the Board’s report to the University Executive.

9 **Forward Planning**

9.1 The Board will annually review and revise its Terms of Reference and submit recommendations for any changes to the University Executive.

9.2 The Board will set its meeting dates two years in advance, aligned to the schedule of meetings of the University Executive, the Finance Committee and the Infrastructure Committee.

9.3 The Board will maintain a forward agenda plan of its business.
