3 A change to the Statute shall be proposed in due course to govern this situation.
11. Principles of Operation

In fulfilling its terms of reference, the Committee shall follow the principles as agreed by the Senate to enhance academic governance, seeking:

a) closer alignment between the decision-making structure and the University’s strategic objectives, to ensure that the decision making structures are fit for the delivery of the strategy;

b) a more efficient approach to the decision making process, leading to clearer lines of reporting and accountability, a reduction in time taken to reach business-critical decisions, and high quality outcomes;

c) main committees should focus on matters of strategy and policy, with operational matters being dealt with by the relevant colleagues in consultation with ad hoc working groups as required;

d) minimisation of business considered by numerous different groups and with appropriate accountability for decisions taken;

e) an assumption that decisions will be reached by consensus wherever possible;

f) an assumption that each Committee will address business internationally;

g) appropriate delineation between governance and management;

h) the papers coming forward to committees should contain clear, evidence-based proposals for consideration;

i) greater use should be made of IT facilities to reduce the amount of paper being circulated, with members of committees and others being able to access committee papers on a local intranet with appropriate access authorisation; and
