Notification of Pregnancy (Start)
Student are expected to notify their personal tutor/course leader in writing and contact student wellbeing services

Complete New Parent and Expectant Persons Risk Assessment
The risk assessment should be carried out with the student, and it is important that any advice received from their doctor or midwife that could impact on the assessment must be provided

Identify control measures for residual risk
required adjustments must be agreed before approval is obtained

Implement appropriate measures/adjustments
Following the outcomes of the risk assessment, staff/school is required to implement appropriate measures, where reasonably practicable; to protect new parent and expectant persons health and that of their unborn child(ren)

Review Risk Assessment
 Expectant Students should meet regularly with the designated member of staff taking account of key dates within the cycle of pregnancy and maternity (16 weeks, 24 weeks to review progress, supports and risk assessments. As the pregnancy develops these arrangements/adjustments may need to be reviewed and revised. This review will also be required in advance of return to study as a new parent
