All costs are approximate – January 2014

BUDGETING GUIDE

- » Don't shop when you are hungry
- » Try supermarket own brand goods
- » Stick to a shopping list and take advantage of buy 1 get 1 free
- » Have breakfast before leaving in the morning and make sandwiches for lunch
- » Consider a pay as you go mobile rather than an expensive contract
- » Check bank statements to see actual spending and keep receipts
- » Keep credit cards for emergencies only and pay the bill in full each month
- » Keep a spending diary – monitor spending for at least a week and write everything down

taking control = less stress

Budgeting is the best way to avoid hardship and debt – most debt is due to poor budgeting
